Course Description
This course will incorporate didactic presentations and hands-on-lab training that will enable the participant to develop an understanding of the female lower urinary tract and proper techniques to effectively perform a cystoscopic examination. The UroMentor computer simulator will enable participants to develop the skills necessary to safely perform a cystoscopy examination. Participants will also learn the skills necessary to perform a cystoscopy with hydrodistension and an office cystoscopy procedure. As part of the registration, cystoscopic videos will be provided on the Apple iPod touch that is provided as part of the conference.

Needs Assessment
Cystoscopy is a valuable tool to any Gynecologist performing surgical procedures. As Gynecologists continue to perform more advanced surgical procedures, the cystoscopic examination will become an increasingly important tool. Cystoscopy with hydrodistension is also a valuable procedure for Gynecologists who evaluate and surgically treat pelvic pain. Cystoscopy is becoming an essential procedure for the Gynecologist to understand and efficiently perform.
Basic and Advanced

Hysteroscopy & Endometrial Ablation

May 16-17, 2009

“Burning Question” I would like the faculty to address during the program:

____________________________________________________________________

Pre-Conference Special Fee Information:

□ Hands-On Cystoscopy Course On or Before April 24th April 25th and After
(Register Early - Space is limited)
$495.00 $595.00

Conference Fee Information:

□ Physician (including an iPod touch):
On or Before April 24th April 25th and After
$995.00 $1195.00

□ Physician (bringing own iPod touch or iPhone):
$895.00 $1095.00

□ OB/GYN residents / fellows
(including an iPod touch):
$550.00 $ 650.00

□ OB/GYN residents / fellows
(bringing own iPod touch or iPhone):
$450.00 $ 550.00

Total Amount $________

Enclosed is my check made payable to: USF HPCC
(USF Health Professions Conferencing Corporation) Amount: $________
USF HPCC Federal ID Number: 16-1765073

Charge my credit card: □ Mastercard □ Visa □ AMEX Amount: $________

Card Number: ________________________ Exp. Date: __________

Security Code/CCV: ____________ (Amex-4 digits on front, MC/Visa-3 digits on back)

Print Name on Card: ____________________________

Signature: ____________________________ Date: ____________

Return registration form and payment to:
University of South Florida Health Professions Conferencing Corporation
PO Box 864240, Orlando, FL 32886-4240

Registration

Registration Fee: The registration fee includes the sessions, breakfasts, lunches, breaks, an Apple iPod touch and roundtrip bus transportation to the conference. A confirmation letter will be sent upon receipt and processing of your registration and payment. (No registration is confirmed without full payment).

Refund Policy: Registration fees will be refunded minus a $150 processing fee with written notice on or prior to April 15, 2009. No refunds will be made after April 15th. The University of South Florida Office of Continuing Professional Development (USF OCPD) reserves the right to cancel this activity due to unforeseen circumstances, in which case the full enrollment fee will be refunded. The University of South Florida is not responsible for travel expenses incurred by the participants if the course is cancelled.

There are only thirty-two (32) slots available, so please register right away. As these programs fill up fast, it is best to not make your travel arrangements until you receive your confirmation letter.

Location

USF Health Simulation Center at Tampa General Hospital
1 Tampa General Circle, Room F-170
Tampa, Florida

Transportation
Round trip transportation from the hotel to the conference will be provided for the participants by the USF Bullrunner.

Parking
For those participants driving to the conference, parking is available at Tampa General Hospital.

Accommodations

The Westin Tampa Harbour Island Hotel
725 Harbour Island Boulevard
Tampa, Florida 33602
Phone: (813) 229-5000

Newly renovated, with a superb location right on Tampa Bay, the Westin Tampa Harbour Island Hotel is close to the downtown business district as well as to the local area attractions such as Ybor City and Clearwater Beach. The west coast of Florida offers spectacular sunsets with year-round great weather.

A block of rooms has been reserved for this conference at the special rate of $129.00 per night for single/double occupancy plus sales tax. These rooms will be held until April 24, 2009. To reserve your room, please call the Westin directly at (813) 229-5000 and reference the USF Hysteroscopy conference.
Basic and Advanced Hysteroscopy & Endometrial Ablation

The USF Health Simulation Center at Tampa General Hospital
Tampa, Florida
Basic and Advanced Hysteroscopy & Endometrial Ablation

May 16-17, 2009

The USF Health Simulation Center at Tampa General Hospital
Tampa, Florida
Course Description
This two day course will incorporate didactic presentations and hands-on labs including virtual reality simulation, that focuses on the current status of diagnostic and operative hysteroscopy, endometrial ablation and hysteroscopic sterilization for practicing gynecologists and residents in training. The course will feature didactic and hands-on training in diagnostic flexible hysteroscopy, hysteroscopic sterilization, global endometrial ablation techniques, resectoscopic myomectomy using both in-vitro and virtual reality trainers, as well as myomectomy utilizing hysteroscopic morcellation. As part of the registration fee, an Apple iPod touch will be given to each participant. It will contain all the conference presentations, surgical videos and will be an integral part of the conference. There are only 32 slots available, so please register right away.

Target Audience
This course is specifically designed for gynecologists and gynecologic surgeons.

Needs Assessment
Current data shows that only 10% of gynecologists perform office diagnostic hysteroscopy, and even fewer perform operative, resectoscopic or hysteroscopic sterilization procedures. In addition, despite the advent of numerous FDA approved global endometrial ablation techniques, the number of hysterectomies performed has not significantly decreased. Surveys conducted by AAGL demonstrate that patients prefer minimally invasive treatments for fibroids, as well as hysteroscopic sterilization. There is clearly a need for gynecologists to be trained in these techniques.

Educational Objectives
At the completion of the seminar participants will be able to:
- Describe the instrumentation and technique for diagnostic hysteroscopy.
- Perform diagnostic flexible hysteroscopy in the inanimate model.
- Discuss the indications and technique for hysteroscopic sterilization.
- Perform hysteroscopic sterilization in the inanimate model.
- Perform hysteroscopic myomectomy.
  - With a resectoscope in the inanimate model.
  - With a resectoscope in the virtual reality model.
  - Using the hysteroscopic morcellator.
- Perform various global endometrial ablation techniques in the inanimate model.

Accreditation
Physicians
USF Health is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

USF Health designates this educational activity for a maximum of 16.50 (additional 4.5 hours Pre-Conference) AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.
Agenda
Saturday, May 16, 2009

06:45 a.m.  Bus Departs Hotel for TGH
07:00 - 07:30 a.m.  Breakfast/Registration
07:30 - 07:45 a.m.  Welcome

SESSION I: NORMAL AND ABNORMAL BLEEDING
07:45 - 08:30 a.m.  Physiology of Normal and Abnormal Bleeding
  Keith Isaacson, MD

08:30 - 09:15 a.m.  Role of Ultrasound and Sonohysteroscopy in Diagnosis
  Anna K. Parsons, MD

09:15 - 09:45 a.m.  Medical Therapy for Abnormal Bleeding
  Ted Anderson, MD, PhD

09:45 - 10:00 a.m.  Break, Exhibits

SESSION II: HYSTEROscopy
10:00 - 10:30 a.m.  Diagnostic Hysteroscopy & Equipment
  Rob Zurawin, MD

10:30 - 11:00 a.m.  Distension Media & Complications
  Keith Isaacson, MD

11:00 - 11:45 a.m.  Operating Hysteroscopy,
  Including Myomectomy
  Larry R. Glazerman, MD

11:45 - 12:15 p.m.  Panel Discussion, Questions and Answers

12:15 - 01:15 p.m.  Networking Lunch with Exhibitors

SESSION III: HYSTEROscopy LAB
01:15 - 03:15 p.m.  Lab Part I
  • Diagnostic Hysteroscopy
  • Resectoscope
  • Morcellator
  • Simulator

03:15 - 03:30 p.m.  Break

03:30 - 05:30 p.m.  Lab Part II
  • Diagnostic Hysteroscopy
  • Resectoscope
  • Morcellator
  • Simulator

05:30 p.m.  Adjourn
05:45 p.m.  Bus Departs TGH for Hotel
Sunday, May 17, 2009

06:45 a.m.  Bus Departs Hotel for TGH
07:00 - 07:30 a.m.  Breakfast/Registration
07:30 - 07:45 a.m.  Announcements

SESSION IV: ENDOMETRIAL ABLATION

07:45 - 08:15 a.m.  Historical Perspective
  Larry R. Glazerman, MD

08:15 - 09:00 a.m.  Current Techniques of Ablation
  Keith Isaacson, MD

09:00 - 09:30 a.m.  Complications of Ablation
  Ted Anderson, MD, PhD

09:30 - 09:45 a.m.  Break

09:45 - 10:30 a.m.  Ablation in Unusual Situations:
  Fibroids, Large Cavity
  Rob Zurawin, MD

10:30 - 11:15 a.m.  Hysteroscopic Sterilization
  Ted Anderson, MD, PhD

11:15 - 12:00 noon  Panel Discussion, Questions and Answers

12:00 - 01:00 p.m.  Networking Lunch with Exhibitors

SESSION V: ABLATION AND STERILIZATION LAB

01:00 - 03:00 p.m.  Lab Part I

03:00 - 03:15 p.m.  Break

03:15 - 05:15 p.m.  Lab Part II

05:15 - 05:30 p.m.  Wrap Up & Evaluations

5:30 p.m.  Adjourn

The Office of Continuing Professional Development at USF Health reserves the right to cancel this activity due to unforeseen circumstances. In the event of such cancellation, only the registration fee will be returned to the registrant. The OCPD will not be responsible for travel expenses incurred by the participant due to the seminar cancellation.

Accommodations for Disabilities: Please notify the USF Health OCPD, 12901 Bruce B. Downs Blvd., MDC Box 60, Tampa, Florida, 33612 or call (813) 974-4296 a minimum of ten working days in advance of the event if a reasonable accommodation for a disability is needed.

Events, activities and facilities of the University of South Florida are available without regard to race, color, sex, national origin, disability, age, or Vietnam veteran status as provided by law and in accordance with the University’s respect for personal dignity.
Course Director

Larry R. Glazerman, MD  
Assistant Professor  
Dept. of Obstetrics and Gynecology  
Director, Minimally Invasive Gynecologic Surgery  
University of South Florida  
Tampa, Florida

Faculty

Ted Anderson, MD, PhD  
Associate Professor  
Dept. of Obstetrics and Gynecology  
Director, Fellowship Program in Minimally Invasive Gynecological Surgery  
Vanderbilt University School of Medicine  
Nashville, Tennessee

Stuart Hart, MD  
Assistant Professor  
Division of Urogynecology and Pelvic Reconstructive Surgery  
Department of Obstetrics and Gynecology  
University of South Florida  
Tampa, Florida

Keith Isaacson, MD  
Associate Professor  
Dept. of Obstetrics, Gynecology & Reproductive Biology  
Harvard Medical School  
Medical Director, Minimally Invasive Gynecological Surgery Unit  
Newton-Wellesley Hospital  
Attending Physician, Brigham and Women’s Hospital  
Boston, Massachusetts

Anna K. Parsons, MD  
Associate Professor of Obstetrics & Gynecology  
University of South Florida  
Tampa, Florida

Rob Zurawin, MD  
Associate Professor, Dept. of Obstetrics and Gynecology  
Director, Minimally Invasive Surgery  
Chief, Pediatric and Adolescent Gynecology  
Baylor College of Medicine  
Houston, Texas

It is the policy of USF Health that the faculty and planning committee disclose real or apparent conflicts of interest relating to the topics of this educational activity, that relevant conflict(s) of interest are resolved, and also that speakers will disclose any unlabeled/unapproved use of drug(s) or device(s) during their presentation. Detailed disclosure will be made in the course syllabus.
Agenda
Pre-Conference
Hands-On Cystoscopy Training
Friday, May 15, 2009

11:45 am  Bus Departs
           Hotel for TGH
12:00 – 1:00 pm  Registration
1:00 – 1:30 pm  Introduction to
                Cystoscopy
                Stuart Hart, MD
1:30 – 2:00 pm  Urinary tract
                anatomy
                Stuart Hart, MD
2:00 – 2:45 pm  Normal and
                abnormal
                cystoscopy
                Stuart Hart, MD
2:45 – 3:00 pm  Break
3:00 – 5:00 pm  Cystoscopy lab
                • Cystoscopy equipment
                  set-up
                • Office cystoscopy
                • Cystoscopy with
                  hydromistension
                • UroMentor training
5:15 pm  Bus Departs
         TGH for Hotel

Objectives
At the end of this activity the participant will be able to:
• Understand the rationale for performing cystoscopy in the
gynecologic patient
• Understand anatomy pertinent to the female urinary tract
• Describe normal and abnormal findings during cystoscopic examination
• Understand how to perform a cystoscopy with hydromistension
• Develop skills necessary to perform cystoscopy in the office and operating room
